As the number voting in favour was less than the 2/3 majority of those present and voting An tArdmhéara declared the proposal defeated.

2. **MINUTES**

- The minutes Ordinary Meeting of An Chomhairle held on 14th June 2010 were considered and approved.
- Minutes of Special Meeting of An Chomhairle held on 11th June were considered and approved.

SCHEDULE OF MEETINGS

An Chomhairle considered & approved the Schedule of Meetings for July to December 2010.

3. **QUESTIONS**

3.1 **WALL BORDERING HILLCREST, LAUREL RIDGE AND HOLLYWOOD ESTATE**

In response to the following question submitted by Comhairleoir D. McCarthy, a written reply was circulated as outlined below:-

When will work begin on the wall bordering Hillcrest, Laurel Ridge and Hollywood Estate?

The present condition of the area in question is posing a real danger for children of the area and needs to be rectified as soon as possible.

Repairs will be carried out on isolated sections of this wall over the coming months. More extensive repairs to the wall will be carried out if funding becomes available.

3.2 **CLAMPING – TOW AWAY STATISTICS 2007 - 2009**

In response to the following question submitted by Comhairleoir S. Martin, a written reply was circulated as outlined below:-

- (a) *How many cars were clamped in 2007, 2008, 2009?*
- (b) *How many cars were towed away in 2007, 2008, 2009?*
- (c) *What was the cost to City Council for operating this scheme in 2007, 2008, 2009?*
- (d) *How many staff are employed by the clamping company?*

(a) The total number of cars clamped is as follows:

200 7	200 8	200 9
5,4 95	5,4 69	4,6 22

(b) The total number of cars towed is as follows:

200 7	200 8	200 9
3,0 13	3,2 52	2,1 39

It should be noted, based on income returns, that an average of 1.7 million on-street parking events take place each year. The number of vehicles clamped or towed therefore represents a fraction of 1% of annual paid parking events.

(c) The expenditure for tow away & clamping is as follows:

2007	2008	2009
€1,195,190	€1,343,050	€1,174,670

3.3 SHAREHOLDINGS OF CORK CITY COUNCIL

3.4 POPULATION AND SOCIAL DECLINE IN PARTS OF TURNERS CROSS AND BALLYPHEHANE

3.5 **REGULATIONS/ BYE LAWS RELATING TO DOG FOULING**

In response to the following question submitted by Comhairleoir T. Brosnan, a written reply was circulated as outlined below:-

Can the Manager please circulate Councillors with a copy of the current regulations/bye laws relating to dog fouling and the responsibilities of owners so that Council can assess what amendments might be made to ensure the introduction of an effective means of tackling a very serious form of anti social behaviour.

The legislation dealing with dog fouling is the Litter Pollution Act 1997.

Section 22 of the Litter Pollution Act 1997 states

“(1) Where faeces has been deposited by a dog in any place to which this subsection applies, the person in charge of the dog shall immediately remove the faeces and shall ensure that it is properly disposed of in a suitable sanitary manner.

(2) Subsection (1) applies to a place that is –

- (a) a public road,
- (b) land forming part of a retail shopping centre,
- (c) a school ground, sports ground, playing field or recreational or leisure area,
- (d) a beach,
- (e) the curtilage of a dwelling the occupier of which has not consented to the presence of the dog in the curtilage, or
- (f) such other place as may be prescribed.

(3) Subsection (1) does not apply in respect of –

- (a) a guide dog kept and used for the guidance of a blind person,
- (b) a working dog being used –
 - (i) for the herding of livestock, or
 - (ii) by a member of the Garda Síochána or the Customs and Excise service in connection with the official functions of the member, or
- (c) a dog in such other circumstances as may be prescribed.

(4) A person who contravenes subsection (1) shall be guilty of an offence.”

3.6 **ALDI – TORY TOP ROAD**

In response to the following question submitted by Comhairleoir E. O’Halloran, a written reply was circulated as outlined below:-

Can the City Manager inform Council when will Aldi comply with the planning conditions as originally set down and in the absence of such a date can he confirm that enforcement will be proceeded with immediately?

Planning permission (T.P. 05/29740) was granted to Aldi Stores (Ireland) Developments Ltd. to develop a mixed use development at Tory Top Road.

Condition 16(k) of T.P. 05/29740 provided that:

“The developer shall provide and maintain within the confines of the site a **Bring Area** for recycling purposes to cater for glass, textiles, cans, batteries, paper and cardboard. The facility shall be capable of expansion at a later date to include other materials as appropriate.”

An enforcement file has been opened in respect of this development and we have been in contact with the developer in relation to the provision of this ‘Bring Area’.

3.7 **DECLINE IN CITY POPULATION**

In response to the following question submitted by Comhairleoir J. Kelleher, a written reply was circulated as outlined below:-

Bearing in mind that the population of the city has fallen substantially in recent years, and that there are reportedly hundreds of thousands of vacant properties throughout the State, will the Manager inform Council if he is concerned at plans for the construction of 5,000 new houses at the Strategic Development Zone near Rathpeacon, and another 1,000 new houses at Dunkettle?

The proposals for Monard Rathpeacon Strategic Development Zone are an integral part of the Cork Area Strategic Plan Update 2008. The rail line runs through the area and it was therefore identified as a location for future sustainable development. It will require significant infrastructural investment. CASP also envisages a significant increase in the cities population, from 119,000 to 150,000, based on development in Docklands and other areas such as Blackpool and Mahon.

3.8 **SITES TRANSFERRED TO NAMA**

In response to the following question submitted by Comhairleoir J. Buttimer, a written reply was circulated as outlined below:-

Can the City Manager indicate how many unfinished development sites have been transferred to NAMA and if the City Council has had any communication from NAMA regarding the future of these developments and when they will be finished?

There has been no notification of the transfer of sites to NAMA and there has been no communication from NAMA to date.

3.9 **KEATINGS OLD BAKERY SITE, TRAMORE ROAD**

In response to the following question submitted by Comhairleoir M. Shields, a written reply was circulated as outlined below:-

Further to my previous question regarding the continuing storage of asbestos on the Keating’s Old Bakery Site on Tramore Road, is the Council aware that a bungalow adjacent to the site and now owned by “Frinailla” was set on fire last week and is now in a dangerous condition?

As promised in reply to my previous question over a year ago, is this site going to be cleared of the dangerous hazardous materials, namely asbestos, and the now dangerous structures on site?

Will the site be secured to prevent the ongoing anti-social behaviour being experienced by the residents of this area?

Legal proceedings have commenced against Frinailla Developments Ltd. for “failure to comply with a requirement of an authorised person” in contravention of Section 14 (6) (d) of the Waste Management Act 1996. The case was for mention in the District Court on the 23rd June 2010. A hearing has been set for the 27th October 2010.

Works Department secured the pedestrian entrance to the bungalow to prevent trespass. There are large gates securing the other entrances to the site.

3.10 **SALE OF FORMER CORK SHOWGROUND’S LAND ACQUIRED BY CPO**

In response to the following question submitted by Comhairleoir C. O’Leary, a written reply was circulated as outlined below:-

Could the Manager please make a statement to Council in relation to the recent decision by Council to facilitate the sale of former Cork Showground’s land acquired by the City under a Compulsory Purchase Order (CPO) to a third party.

Given that the land in question was acquired under the terms of a CPO, where Cork City Council identified the land bank as crucial for the future development of the entire Docklands project, would the Manager please clarify the following:

- 1. In the Manager’s opinion, could the former owners of the site have a reasonable case in arguing that the terms of the CPO were not adhered to by the City?*
- 2. Could stakeholders in the Docklands have a case for arguing that their land could be devalued by the lack of public open space as proposed in the Dockland’s Plan?*
- 3. Will stakeholders face increased planning obstacles due to the reduced open amenity space should the sale of land proceed?*

Given that Members voted against professional advice to proceed with the sale without apparent independent professional countering advice, and given the published legal opinion on such matters (copy attached for your information) if a legal case under either of the points outlined above was to succeed, could the city face financial loss? Could Members that voted against professional advice without countering professional advice be held personally liable for loss suffered?

- 1. I do not believe that the former owners have any interest in the matter as they have agreed a full compensation package for their property.*
- 2 & 3 These questions can be best considered as the Council proceeds to consider the variation of the South Docklands Local Area Plan and the City Development Plan which will be necessary if the proposed development is to proceed.*

In the matter of some members of the Council not accepting advice I would point out that the legal advice which you submitted applies in a situation where a directive has been given to the Manager under Section 140 of the Local Government Act. It does not have relevance in the Cork City Council situation as Section 140 was not invoked.

There are specific matters which the City Council must have regard to when considering the formal disposal of land. This situation has not yet arisen as no formal proposal for the disposal has been brought before the Council.

3.11 **PLAN FOR THE RE-STRUCTURING OF BISHOP LUCEY PARK**

In response to the following question submitted by Comhairleoir K. McCarthy, a written reply was circulated as outlined below:-

To ask the Manager, what is the plan for the re-structuring of Bishop Lucey Park in light of the Christ Church renovations?

The preferred treatment for the area of Bishop Lucey Park immediately adjacent to Christ Church is presently under consideration and will be reported to Council shortly.

3.12 **“GO CAR” SCHEME**

In response to the following question submitted by Comhairleoir C. Clancy, a written reply was circulated as outlined below:-

How successful if the Cork City Council “Go Car” Scheme?

What has been the uptake by Cork City Council staff to date?

What has been the uptake by the general public to date?

Are there plans to extend the 3 Go Bases?

Will Cork City Council be supporting putting in place Juice Pods for Electric Vehicles in the near future?

The support by Cork City Council of the GoCar car sharing scheme is part of our overall transportation strategy of promoting alternative modes of transport other than the private car. It shows that Cork City Council is still very much involved in innovative and modern schemes in the effort to ensure we have long term sustainable measures to deal with the travel demands of the future.

The use by private individuals and companies is still low and less than that originally envisaged. However the use by City Council staff is very extensive and this involves a large saving to the Council by the reduction in payment of mileage or car allowance rates.

Cork City Council has committed to supporting the scheme for three years ending in September next year, and it is too early to decide whether the scheme is successful or not. The three year period of the scheme will allow the City Council to fully assess the

potential benefits of the scheme. We have also sought further funding under the Department of Transport's SmarterTravel fund to carry out additional promotion of the scheme.

43 City Hall staff members are now registered to use the GoCars. There are 39 private individuals and 16 businesses (with 35 drivers) also registered with GoCar. The total of trips using the GoCars by City Hall staff is almost similar to the total number of trips carried out by private individuals or private companies.

There are actually 4 GoCar bases at:

- City Hall
- UCC College Road
- Kent Railway Station, Lower Glanmire Road
- Wandesford Quay.

There are no plans at present, to extend the number of GoCar bases.

Cork City Council has had several meetings and discussions with the ESB who are responsible of rolling out the recharging or juice pods in the Country. Cork City Council will be fully facilitating and supporting the ESB in this project.
